

# MICHIGAN-JAPAN HIGH SCHOOL SCIENCE EXCHANGE PROGRAM

Summer 2018 | Michigan State University | Asian Studies Center

Sixteen current high school tenth and eleventh graders from Michigan and Japan will join together for a rigorous nuclear science and peace education cultural exchange featuring 10 days at MSU and surrounding areas, followed by 10 days in Japan. The program will be a unique blend of science and the humanities as American and Japanese students explore nuclear science, policy, and history. Students, with guidance from MSU faculty, will work together to create museum exhibits to be featured in Michigan and Japanese museums.

Students must commit to attend all phases of this project for acceptance into the program.

This program is generously funded by the United States-Japan Foundation and MSU's Asian Studies Center.
